

Based on NYCOSH’s preliminary data, from January 2016 to April 28, 2017, 48 worker deaths in New York City have occurred including New York City workers that have perished due to 9/11 illnesses. Many go unnamed and uncounted. NYCOSH’s count of NYC occupational fatalities including deaths of NYC workers from 9/11-related illness has been compiled from data derived from OSHA, NYC DOH, the John Feal Foundation, and original NYCOSH research of media coverage. [The Bureau of Labor Statistics](#) released the most updated data in December for 2015, the most recent year fully reported by the bureau. According to BLS, there were 162 in New York State (excluding New York City) and 74 in New York City in 2015.

Date of Death	Address/Employer	Name	Age	Union/Non-Union	Description
